

Your family dog is just that—a member of your family.

Unfortunately, millions of dogs are lost each year. Even the best-behaved dog will occasionally stray from home.

PinPoint's GPS Dog Collar, **Confirm™**, will help you bring your four-legged family member home safely.

PinPoint
Innovations

*Rugged, pet-friendly
and easy to use*

*Works through the
Internet or phone*

*Actively locate your
dog in about a minute
using GPS technology*
